## SMART ART

From larger-than-life murals to musical sculptures, Centennial Campus is home to innovative art that sings the stories of innovation, design, and feats of engineering. Explore these immersive works by nationally acclaimed artists just steps from the workplace!

### *Reds and Whites* Larry Bell

Contemporary artist and visionary Larry Bell's mastery of light and color plays through panes of glass in this gathering space for the NC State community and beyond.

**Where to see it:** Woodson Plaza,  
Between Hunt Library and the Oval

### *Spark of Life* John Pugh

Harnessing the power of trompe l'oeil, or "trick of the eye," muralist John Pugh's colossal work invites viewers to ponder the emergence of AI and the endless possibilities of the future.

**Where to see it:** The west-facing side  
of Venture Place, Venture Ctr Wy

### *Sunboxes* Craig Colorusso

This constellation of 20 individually programmed speakers comes alive with the sun to create a layered, ambient soundscape. Enjoy tai chi, jam sessions and dance performances as the exhibition moves throughout campus!

**Where to see it:**  
April 8, 10 and 11 - Woodson Plaza  
April 27 - Lake Raleigh  
April 28 - The Corner

**IT'S ALL HAPPENING ON CENTENNIAL CAMPUS.**
